

## Recreation Classes Give Demonstrations

RED DEER, Aug. 11.—The annual summer school of the health and recreation branch of the department of education of the province of Alberta staged an excellent demonstration on Friday morning at the former army camp here.

The display marked the closing of a five weeks course attended by 341 leaders from as far away as Quebec, and gave the crowd some idea of the splendid work being carried on. J. H. Ross, Calgary, director of health and recreation for Alberta was chairman.

Most of the numbers on the program were done in music and the display was smartly carried out by groups of girls, groups of men, and mixed groups under direction of their instructors. Everything went off without a hitch, showing the results of hard work and careful instruction. The demonstration was held in the gymnasium of the former army camp here.

Min. Paddy Martin was the only one from Red Deer.

Those from Edmonton taking part included: Jean Allison, Lucy Blinnie, Lucy Donnelly, Father Duhamel, Jessie Hardacre, Eileen Houston, Paul Labrie, Jean Lafontaine, Jean Osmak, Gordon Pearson, Sam Miller, Routledge, Isabel Seaman and Douglas Shaw.

**Following the break** the girls demonstrated "keepsie exercises, tumbling and vaulting." The men went through some spectacular spring board and vaulting exercises and pyramid building.

The girls did some dances and ballet steps and final number was folk dancing in which the whole school joined with a will.

During the intermission Mr. Ross introduced the guests on the platform including Miss Olive Dumas, former supervisor of health and recreation, Mr. D. McDonald, co-ordinator of recreational activities for the province and Mr. A. Alford, director of education.

Mr. Alford brought greetings and good wishes from H. R. Anley, minister of education who was unable to be present and spoke of the importance of the health and recreation program.

The course consists of five weeks the first summer and three weeks in another year, following which those passing the course are given diplomas and are qualified to teach.

**Red Deer Nine Beats Nordegg 9-2**  
RED DEER, Aug. 11: With pitcher Jimmy Rattienacke chucking fine ball, Red Deer downed Nordegg 9-2 here on Saturday night in a central Alberta baseball league fixture which produced interesting baseball. After getting a head start in the opening frame, the winners never looked back and held their opponents to one run in the first and seventh.

The first of the features of the night was a home run by Bill Service in the fourth inning. His long smash hit between the center and right fields, covered Pennock ahead of him. The visitors used two writers but couldn't save the game.

Families both ways allowed Nordegg one run and Red Deer a pair in the first inning. The locals scored three runs across the plate in the second when they landed on Marshall for three hits, walked one and whiffing five batters.

Marshall, in two innings, was fanned out. Osmak gave up four hits in five innings, walked a couple and retired five by the strike out route.

Nordegg scored a double play in the fourth frame and there was good fielding plays on both clubs.

Here in the den the bear stays until spring, and it is during this period that the cubs are born. At birth the cubs are very small; an American black bear cub will be about eight inches long and weigh ten ounces, while the mother may weigh over two hundred times as much.

The cubs grow rapidly and are able to leave the den and follow their mother about when she emerges from the den.

from the cutting teeth of the cubs. The crows of the molars are flatter and broader than those of the cat family and thus are more adaptable to the grinding of food. Much of the bear's food consists of insects and vegetable matter such as roots, grass and berries, substances which have to be ground up rather than sheared off before they can be swallowed.

On account of certain similarities in the skull, bears at one time were believed to be close relatives of the weasels. But further research has led scientists to believe that they are of closer kin to the dogs.

Bears are known as placental animals, which means that they place the entire sole of the hind foot on the ground when walking, the same as a man does. Many animals, such as the dog, cat and horse, are digitate, stepping only on their toes. (Digits are fingers and toes.)

The bears are animals of the Northern Hemisphere; only one form ranges south of the Equator. In the northern parts of their range, they become exceedingly fat as winter draws near, and as soon as cold weather approaches, they seek out a den. This may be among rocks, or a hole in a hillside, or under the roots of a fallen tree. In this cozy den the bear goes into a winter's sleep, known as hibernation. At this time the bear's breathing and circulation slow down, and the only nourishment

## All-Star Team Downs Red Deer

RED DEER, Aug. 11.—A Stettler-Clive combination took both games of a double-header baseball exhibition 7-2 and 6-0 against Red Deer here on Sunday. Errors largely contributed to both victories.

The afternoon game saw the teams tied at 2-2 until the sixth inning when the visitors scored three runs. They picked up two more in the eighth to make sure.

Art Rastin was on the mound for Stettler and held Red Deer to five hits. Red Penneck, chucking for the losers, gave up 10 hits.

STETTNER—P. Chapman LF, Johnson 2B, Chapman 1B, Rastin 3B, Northcott CF, Hall SS, Neilson 3B, Savage C, Magee RF.

RED DEER—Abbott SS, Pennock P, Service CF, Kennedy 2B, Johnson 2B, Rattienacke RF, Rosegren LF, Simlak 1B, Thompson 1B, Umpires: Len Billings and Sig Stettler.

The night game was a pitchers' battle between Art Rosegren, Red Deer, and Johnson of Clive until the fifth inning when the visitors got three runs. It was a good ball game until then, but the visitors gained fine support and snuffed themselves out of difficulties to allow no runs.

Bill Service went to the hill for Red Deer in the sixth and a two-hitter by Robert and three batters gave Stettler three more runs. Savage led the visitors with two hits out of two trips. Service for Red Deer hit twice but was out of two, including a triple. The winners played errorless ball.

**The BAY brings you the Style Story for Fall '47, the story of what you'll be seeing, yes and wearing in the coming season.**

The story of a new you, a more womanly you in flattering, dramatic, soft looking coats, suits and frocks. Fashion's Fall silhouette—the Figure 8, accentuates your femininity with soft shoulders, slenderized waists, rounded hips, ankle flatterings... in luxurious fabrics, sweeps of drapery, dramatic trimmings. This is what you'll see...

**Styles Change Noticeably for Fall and Winter**

**THE PARIS INFLUENCE**  
The new 'Figure 8' silhouette with shoulders more rounded, waists definitely nipped in and minimized... hips played up with padding, pockets, hip-line trimming, tapered or flowing skirts, sweeps of drapery, dramatic lines and fabrics, all signs of the French influence.

**SKIRT LENGTHS**  
Definitely longer in suits, dresses and therefore in coats. Slim tapered skirts that hug the calf, flatter the ankle—point-up your pretty shoes. Flowing sweeping skirts, gracefully draped, side swept, tiered in rows, back gathered, in varying lengths for daytime, afternoon and evening. At most 14" from floor for street wear, down to ankle length and longer for evening wear.

**NEW SHOULDERS**  
Cultivated curves in evidence here—softer shoulder lines, more rounded, less heavily padded than last year, narrower but now 'narrower'. With capes in many variations on suits, coats and dresses... hoods worn over the head or draped cape fashion on the new coats. Necklines high 'covered up', softly V-ed or rounded.

**HIP LINES**  
You will have hips, definitely accentuated and softly 'curvaceous'. Achieved through padding, side fullness in skirts, pockets in many variations—tiered flaps, winged pockets, back reaching, deep plunging pockets with delicate trimming. Or bright color accents at hipline embroidery, bows, buttons, 'neath indented waistlines, pulled in belts... yes hips are here in the Fall silhouette.

**FABRICS**  
Fall '47 sees the return of richness in fabrics. In both quality and quantity. Full sweeps of fabrics, often dual textures in a single garment, silk with wool, satin with velvet, bandings of fur, plus a wonderful array of wools, fleeces, velours, gabardines, sueds, needlepoints, broadcloths, tweeds—all shown in clear deep euphonious tones for Fall and Winter.

**ACCESSORIES FOR FALL '47**  
Heavy goes dramatic, with new dark tones a must for Fall. Deep browns, shadowy taupes, mysterious grey tones, near-mulberry shades and glorious red dye colors—the perfect foil for lengthened costumes. Watch for the new trend in gloves, varying from wrist to elbow length in 6, 8, and 10 button for daytime, definite cuff effects, silks, fabrics, new 'duo suede'.

are being served food. This dangerous practice is common in Edmonton.

Counters and tables should be kept scrupulously wiped and clean. Dishes should be washed in a manner that will sterilize them and prevent the transmission of disease.

Periodical checks should be made on the health of employees handling food and even healthy employees should be subject to dissection of the hands. This is a necessary precaution which unnecessarily uses their hands instead of sterilizing them.

If these regulations exist and are being strictly enforced, Edmonton restaurants are probably in a wholesome condition. If they do not exist or if they are not being enforced, this city could very well imitate the action of Toronto.

## Soviet Science

The leading magazine of Russia, the "Boleshevik," is said to have put forward the extraordinary claim that Russian scientists invented the radio and the electric light. These achievements, it claims, were stolen by the British and the Americans who today get credit for the discoveries.

The "Boleshevik" warns that the democracies are still trying to pick Russian brains and urges the utmost vigilance against such skullduggery.

There is a strange inconsistency in this story. For if Russians discovered radio and the electric light, the researchers must have taken place in the bad old tsarist days when, as every Communist knows, Russia was flourishing in ignorance and darkness. Enlightenment came only with the Soviets.

The amusing feature of this wild tale is not that the Soviet magazine would have the nerve to print it, but that the Soviets expect the Russian people to believe it.

In short, the Soviet opinion of Russian common sense and judgment must be exceedingly low if such obviously false trash is seriously handed out to Russian readers. Indeed, Russian common sense must be at a very low level when the Soviets if any stuff goes readily down the Russian intellectual hatch.

This article, which apparently seeks to establish the acuteness of Russian brains, plainly disproves its own contention in the manner in which it is foisted upon the Russian public.

Eight Norwegian "Quilings" have taken refuge in Spain, knowing they will be safer there than anywhere else.

## Police Claim Confession

### Ballistics Gave Clue As 'Peg Killer Sought

WINNIPEG, Aug. 11.—(CP)—A Port Arthur man, 22-year-old Michael Angelo Vesco, described by his former landlord as a "very quiet, well-behaved young fellow... who gave no trouble at all in the three years that he was in my house," stood charged today with the double murder of two 13-year-old Winnipeg boys, Roy McGregor and George Smith, whose killings terrorized the city in January and September, 1966.

CHIEF CONSTABLE Charles Maciver, whose department had worked on the case for 18 months in co-operation with police officers throughout Canada and the United States, said at a press conference, "The Vesco" has admitted both offences.

A nine detector and the services of RCMP ballistics experts in Montreal were employed in the search for the accused man.

His apprehension quelled the fears Winnipeg's children and their parents, too, who, since McGregor's body was found in a lumber yard in the Fort Saskatchewan district Jan. 4, 1966, with three bullet wounds in his body, had warned their children to hurry home from school.

THEIR ALARM was heightened when Smith's body, also bearing three bullet wounds, was found in a nearby garden, six inches underground.

A nine-millimetre empty shell was found a short distance from Smith's body. Again the shell was used to locate the bullet, found two days later buried in a nearby garden, six inches underground.

THE RCMP DETERMINED that the same gun was used in both murders. Its description was sent to all police stations in North America. Winnipeg police checked the registration records of all weapons, took guns of the type wanted into the police station and tested them.

"Thousands of these test bullets were sent to the RCMP crime detection laboratory in the first six months following the McGregor murder, hundreds of thousands were picked up in the city," said Chief Maciver.

Port Arthur advised Mr. Maciver, July 3, of the arrest there of Vesco and a companion, Frank George Gussard, June 30, after they had held up a woman.

WHEN PICKED UP, both men had weapons in their possession. They were taken to Regina for examination. Subsequently, acting Inspector George Maciver of Winnipeg police was detailed to take to Regina for a check by ballistics experts.

Chief Maciver issued a warrant for Vesco Thursday charging him with first degree murder. Friday Winnipeg officers obtained the warrant and a judicial order for his transfer from the penitentiary to the city police station.

"Here he was charged with both murders," Chief Maciver said.

**U.S. Releases All Prisoners of War**

BERLIN, Aug. 11.—(AP)—Gen. Lucius D. Clay reported Sunday that the United States has released all German prisoners of war and completed cessation of top priority German military defense works in the United States zone.

The American military governor, in a review of demilitarization, said that from May 10, 1945, to June 30, 1947, the United States discharged 8,000 prisoners of war.

The figure includes hundreds of thousands of Volksturm and other auxiliary troops captured, as American armies advanced across Germany. Many were released within a few hours. Several hundred thousand prisoners turned over in France and a lesser number to Britain are considered French and British prisoners of war subject to release by those countries.

**39 More Ontario Immigrants Land**

TORONTO, Aug. 11.—(CP)—The fourth plane-landed in Ontario's first mass immigration scheme from Britain arrived Sunday with 39 men and one woman, bringing to 159 the total landed so far. Ontario hopes to bring 7,000 Britons before the end of the year. As on earlier flights, which started July 1, yesterday's arrivals included carpenters, teachers, cooks, a baker, factory workers, a technical engineer and a motor mechanic.

## Beat Purity 2 Out of 3

## Cubs Improve Chances For Berth in Playoffs

After dropping the Saturday evening encounter to Calgary Purity 90 by 5-1, Edmonton's Chevrolet Cubs gave their chances for a playoff berth in the Big Four Baseball League a sizable lift by sweeping both ends of Sunday afternoon's doubleheader, the scores being 3-1 and 7-1.

Purity outh the home club in the first half of the twin attraction, but three of the four bases on balls issued by Joe Kanik came in two innings in which Cubs were bashing out five of their six singles and three runs resulted.

Leo Sullivan outpitched Tony Lane in the second half and in addition his team-mates effectively combined base knocks with four of the five walks and the lone hit-by-pitch charged to Tony Yesterday's crowd was more than 5,000.

SATURDAY'S game, the Knights of Columbus benefit, belonged to Calgary when the Cubs presented Carpenter with three runs in the first inning. Cubs did get one back in the half and it also was earned, but the margin of two was all that John required.

The only members of Laurel Harney's homesters to reach first base and that's where they remained—in the last frame, however, when Nick Mazurek, who made the grade twice and Milton Tramm, both accomplished the feat via singles, and in different innings.

HUCKABY, who started off for Calgary, singled off Tony Lane, who Gully flied out to Martin. Lane also hit safely and Curry got base on strikes. Milton Tramm flied out a few feet behind the pitcher's mound, and the Cubs cleared the sacks. Stewart was thrown out at first on Chevrolet's throw.

Maze's double ahead of Mack's triple gave Cubs a 2-1 lead in the third and Gully's three-run homer and a flyover in the fifth carried the lead to the fifth.

A walk to Chulla and a stolen base, Tony going to third on Stewart's low throw and the aid of Nick Mazurek, who hit a home run, gave Cubs their only run. Tramm took over in the third and allowed two hits.

CALGARY COLLECTED seven hits of Johnny Chulla in the fifth inning Sunday afternoon, but the visitors never had much chance after that.

Chulla was given a base in balls in the sixth, but he was out in the seventh. O'Grady had reached out on an error by Chulla and the Cub's shortstop ended again on a bad throw to first to let the pitcher by an error doing the ball bouncing off a Kanik shin.

Purity passed up their only chance to win the game in the seventh. O'Grady had reached out on an error by Chulla and the Cub's shortstop ended again on a bad throw to first to let the pitcher by an error doing the ball bouncing off a Kanik shin.

Garnet singled, putting O'Grady in third and Gully then tripled to score left-center. The run was eventually called out for not timing second base, but the side and allowing the Purity club only one run, instead of two.

SULLIVAN ISSUED no bases on balls in the second half, but went only seven innings by agreement. Two of the five free tickets handed out by Mack were won by Chulla and an error doing the ball bouncing off a Kanik shin.

Mate hit Chulla, lead-off man in the fifth, and then walked Lippincott. Dawson's double sent runs across and Superstein's single the third. Another error by Chulla, a stolen base (of which Tony Lane hit three) and Lippincott's hit moved a run in the sixth.

Archie Stewart Doubles Champ

CALGARY, Aug. 11—(CP)—Archie Stewart of Edmonton won the Edmonton Journal trophy, emblem of provincial open doubles and low bowling champion, by defeating Alberta Lawn Bowling Association member, Don McLean, 2-0, in the weekend second round. ## There Wasn't Much to Chose Between Leaders in Opening Race

Close finishes were not the order of the day at the opening race card at the Exhibition grounds on Saturday, but The Edmonton Bulletin photographer was fortunate to catch this one with his big Hertha camera. It was the first race on the program and was mapped about 100 feet away from the horses across the rail near the odds board. The horses had just crossed the line and the gate attendants were still standing in the line. Even seen at the extreme right of the picture.

## Improved South Side Loses 3-1

## North Side Takes Legion Soccer Test

North Side Legion, with a little help from "Lady Luck," moved into a 2-0 lead over a hard-battling South Side Legion eleven at Clark Stadium yesterday afternoon in the first game of the Harry Singer Legion Trophy provincial playoffs.

North Side, which had a low jersey, emerged with a 3-1 victory. The second match of the home and home total-goal series is expected to be played on Thursday.

THE CHAMPIONSHIP is province-wide, with playoffs also taking place in Calgary, Lethbridge and other centres which have Legion teams.

North Side shot into a 3-0 lead at halftime, but it was an evenly contested match the rest of the way with the South Side battling every inch in an effort to cut into the lead.

BILL THOMAS, who counted the first two goals, was the top scorer after the opening whistle. Bill scored a spinner, a Massie South Side goal to tie it, but mis-kicked and the ball went into his own net.

North Side's persistent attacks in the second half were rewarded when Pat McCambridge counted the most goals of South Side's Dempster started the play, booting straight up the field to Pat, who went in for a second and tied a blinding shot past Nest, who had the goal.

## Edmonton Stars Cop Red Ribbons

CALGARY, Aug. 11.—(CP)—Outstanding stars in the track and field events at the Calgary Canadian games here Saturday were Jim Lavery and Don Pettis of Calgary, Edith Skitch and Jim McRae from Edmonton, and George Suberland of the United States.

Suberland entered all the field events and made a clean sweep of them. He is staging a comeback with the intention of making his place on the Canadian Olympic team next summer.

Jim Lavery won the 100-yard dash, a half mile and a mile, and a well-deserved triple in the Junior Class A. Pettis, Edith Skitch of Edmonton, entered four events in the senior ladies section, winning all of them without effort. She was repeating last year's performance when she cleaned up every event.

Jim McRae, third year university student, clinched red ribbons in the senior men's high jump, broad jump, and high step, and jump, using Herbert, another second in the 400 metre high.

The Edmonton Police Amateur Athletic Association won the Glen Melness Challenge Cup for the top overall competition.

## Hits the Ball

Nick Maszkewich, right-fielder, accounted for three of the four hits which Cubs collected off Purdy's John Carpenter Saturday night and he drove in the lone run. Doug Herbert, another second in the Cubs' 5-1 victory over the Calgarians in the first half of yesterday's double-header.

## B.C. Cricketers Tie With Ontario

TORONTO, Aug. 11.—(CP)—The inter-provincial cricket championship for the Hiram Walker trophy resulted Saturday in a tie between British Columbia and Ontario which jointly share the title after a week-long tournament. Ontario and Quebec tied 1-1 in the first match, while British Columbia and Ontario tied 1-1 in the second match. The final standing:

Team	W	L	T	P
British Columbia	4	1	1	9
Ontario	4	1	1	9
Quebec	2	2	2	6
Manitoba	0	6	0	0

Bill Dwyer of Edmonton in the field for the prairie won the inter-provincial championship series, defeating United Western 4-0 here Saturday in the second game of their best-of-three series.

The Scots won the first 2-0. Close to 3,500 fans watched the teams battle in 90 degrees weather, with the Scots scoring twice in the final minutes to capture the trophy. Dwyer, who had scored three goals for the prairie in the fourth, Tank Kummerfeldt.

## In Fastball Playoffs S. Side Trims Calgary To Lead Junior Final

South Side Athletics snuffed a one-game lead in the best-of-three Alberta junior fastball final at Kingsway yesterday. The Scots game swamped the Calgary Legion 10-2 in the first half of a doubleheader, and in a second game the victors clinched a 10-0 verdict.

The last fixture was an exhibition encounter, and will count in the final bracket only if the second contest slated for Calgary on Aug. 17 is unable to be played.

South Side rolled away to an impressive start in the first game, piling up a 7-1 lead after three innings. They clinched the championship with a 10-0 victory in the fourth. Jim Perkins on the Calgary hit for 10 hits while the South Side could not off Bob Schwartz was as even half-don.

John Clark collected three hits to pace the South Side assault. Teammates Ken Johnson, Ed May, and Jack Davies chipped in with a pair of clutch each.

Calgary's second 10-0 victory in the series, prepared for play against the Scots in the inter-provincial final. Dwyer, Patis and Gled Brown, Australia's two singles players, completed their nation's sweep against Canada Saturday on the grass courts at the Mount Royal Tennis Club by taking the measure of Brendan MacKen and Heert Houtman. Patis defeated MacKen 6-2, 6-2, while Brown accounted for Houtman 6-2, 6-2.

## Cards Gain On Brooklyn Drews' Fine Hurling Extends Yankee Lead

NEW YORK, Aug. 11.—(AP)—With lanky Karl Drews pitching great ball 8-2-3 innings, the American League's pacesetter New York Yankees vanquished the secondplace Boston Red Sox yesterday 2-1 to extend the Yanks' lead over the 1946 champions to 12 1/2 games.

In his first complete game of the year, Drews struck out nine and retired the first 10 Sox in order. He gave up only three hits and the ninth inning when the final Boston run was scored and walked only four. One of the pacesetter's even-darlings Ted Williams—was intentional.

JOE DOBSON, steady Boston hurler this season, pitched nearly as well as his opponent and kept the Yankees scoreless until the final inning when with two out Smuffy Strussberg singled to drive in two runmates.

At Detroit, Chicago White Sox collected 14 hits, including four Dave Philley's three-run homer, to down the Tigers 10-6 for the seventh Chicago victory in eight games. Ed Lopat, White Sox left-hander, won with seventh-inning shutout and the loss went to Freddie Hutchinson who was relieved in the seventh.

BOBBY FELLER limited St. Louis to one hit in his first game of a doubleheader at St. Louis to win the fifth division for Cleveland Indians and his 14th victory in eight games. Feller pitched a complete game, allowing only one run in the first five innings. He struck out 10 batters and pitched a two-inning shutout in the sixth and seventh innings. He pitched a two-inning shutout in the sixth and seventh innings. He pitched a two-inning shutout in the sixth and seventh innings.

## F.C. Smith Tops Mayfair Medalists

F.C. Smith topped the long, tricky Mayfair course in 75 years yesterday to win the golfing crown of the Mayfair Club championship. The 45-year-old Smith, who needed 79 shots.

Doug, who was playing with A.B. by Alford and Ted West, had the best shot of the day—a hole-in-one on the 160-yard 16th. It was the same hole that Henry Martell said while playing Ken Clark in the Dominion final last summer.

A.J. (RED) HOGAN and Ted West garnered second place in the medal round with 79, while A.F. Eagle, H.G. MacDonald and J.V. Aikens shared third spot with 78.

# Today's Markets

## Today's Market Summary

**NEW YORK**—Motion picture stocks and industrials recovered, but gains and losses were mixed in all issues.

**MONTREAL**—Downward tendencies prevailed in moderate trading and fractional losses greatly outnumbered gains.

**TORONTO**—Prices sagged in continued low-volume trading. Papers and base metals were weak, and western oils narrowly lower.

**CALGARY**—Losses of three and four cents were common in oil stocks generally continued on a downward.
